

FIELD TRIPS to HorsePlay / Spring, Summer 2026

Life Skills Classes, Special Education Students, and Other Groups

HVHP offers structured, ground-based, educational programs with horses that support communication, emotional regulation, cooperation, and confidence-building in a calm, inclusive environment. These are non-riding experiences, fully facilitated by staff.

Programs take place on our farm and in a covered arena, allowing visits to run reliably in a variety of weather conditions, which is especially helpful for school scheduling.

What Participants Experience

- Social-emotional learning by means of awareness of self / others / environment
- Functional communication – verbal and non-verbal
- Teamwork and peer interaction
- Problem-solving and flexible thinking

Program Highlights

- Ground-based, non-riding activities
- Fully facilitated
- Small group sizes
- Calm, gentle ponies & horses
- Covered arena for all-weather activity
